HONISTER

28mm, 35mm, 50mm Wooden Curtain Poles

HONISTER

The classic ball finial which makes up the Honister and Woodline ranges is delivered with a different finish for each range to enable you to create the perfect look for any interior...

Honister strikes the balance of a matt finish with a subtle sheen to bring the on trend colour palette to life.

Inspired by the earthy colours of Cumbria's Honister Pass, the range offers six natural colours designed to complement fabrics and interiors of today. The neutral colour palette that seems understated at first sight, creates a powerful effect when teamed with the right fabrics, wall coverings and room fixtures. Honister uses FSC accredited wood to create a stunning design with strong components that create an easy to fit complete pole set. Available in lengths of up to 360cm with poles up to 200cm supplied in one piece, diameters of 28mm, 35mm & 50mm and complimented by colour coordinated holdbacks, recess brackets and additional packs of rings, Honister is the right choice to enhance every window.

Honister colours

Linen White

Soft white with a warm undertone. Linen white is fresh and natural, making it truly versatile and a great contrast with stronger colours.

French Grey

A subtle grey, which edges towards a cool rather than warm tone. An extremely on trend colour with subtle nuances.

Stone

A cool neutral pale taupe, inspired by natural linen. Perfect for both modern and traditional settings.

Pale Slate

A versatile and elegant grey, the perfect cool neutral to work a variety of colours.

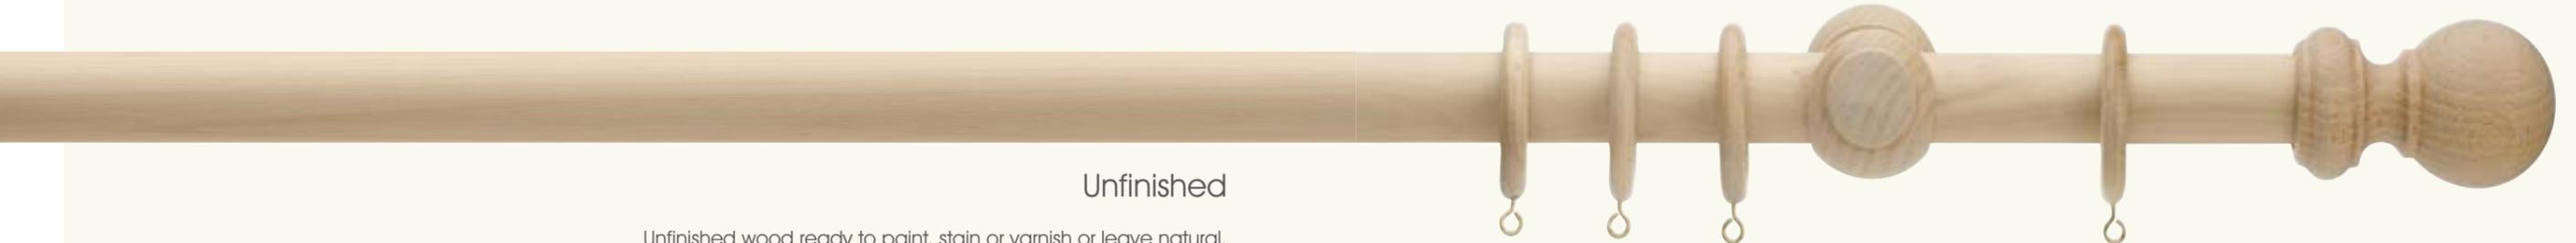

Truffle

A warm grey with undertones of taupe. The combination of grey and brown hues makes this colour ageless.

Café Latte

Darker than the Stone colour, this popular Taupe colour is the perfect combination of brown and beige tones, creating a creamy latte for any time or any space.

Unfinished

Unfinished wood ready to paint, stain or varnish or leave natural.
